

# OPEN HOUSE

## NOAA Fisheries Service Northeast Observer Program Training Center

### **Come and see what the program is about**

See how the data are collected and used, what the training is like,  
how coverage is determined, what biological samples are collected,  
how fish are aged from ear bones, safety at sea demonstrations  
and much more....

**Wednesday, October 12<sup>th</sup>**  
**11:00 am - 4:00 pm**
